

# Cpl

Il filo narrativo di questa storia è l'astrazione di una perfetta forma cilindrica, divenuta elemento caratterizzante di un'intera collezione di lampade. Evoluzione di un vetro soffiato che si declina in versioni da tavolo, parete, sospensione e terra, Cpl è una storia che dal 1998 continua ancora oggi con rinnovato successo, rappresentando con coerenza la cifra stilistica di Prandina, coniugando il suo disegno essenziale alla ricerca di nuove finiture.

The narrative thread of this design is the concept of a perfect cylindrical shape, which has become the defining feature of an entire collection. This evolved blown glass comes in table, wall, suspension, and floor versions. The Cpl product range began in 1998 and continues today with renewed success, consistently representing Prandina's style and combining essential design with the search for new finishes.

Designer: **Christian Ploderer**

La meticolosa attenzione prestata a tutti i dettagli è la caratteristica principale di questa collezione. Anche il più piccolo elemento è stato concepito per apportare equilibrio e spingere la qualità dei materiali ai massimi livelli.

The meticulous attention paid to all details is the main feature of this collection. Even the smallest element has been conceived to bring balance and to push quality to the highest level.

Il filo narrativo che lega l'intera collezione Cpl è strettamente connesso al concetto di una forma cilindrica perfetta, divenuta tratto distintivo dell'intera collezione. La misura più grande della versione a sospensione (S7) è disponibile in quattro finiture che vanno dal rame allo specchio e dal bianco al rosso opalino, tutte concepite per esaltare al meglio un diffusore in vetro di notevoli dimensioni.

The narrative thread of CPL collection is strictly tied to the concept of a perfect cylindrical shape, which has become the defining feature of the entire collection. In the bigger size of the suspension version (S7) there are four standard finishes available, going from the luxury copper and mirror, to the white and red matt colors, all conceived to highlight a glass diffuser of remarkable dimensions.
