

# Lembo

Ogni parete merita una sua storia e di essere valorizzata dalle forme di Lembo, una collezione in grado di arredare non solo attraverso una studiata emissione della luce, ma anche con dei diffusori dai tratti dinamici e vivaci. Disponibile in due versioni, in due sorgenti luminose e in due dimensioni, Lembo è un racconto di luce fresco e capace di svelare nuovi riflessi in un ambiente.

Designer: **Prandina**

Each wall deserves its own story and is enhanced by the shape of Lembo, a collection that decorates not only with its studied light diffusion, but also with the diffuser's dynamic and lively traits. Available in two versions, two light sources and two sizes, Lembo is a tale of fresh light, able to awaken.

**Lembo W3**

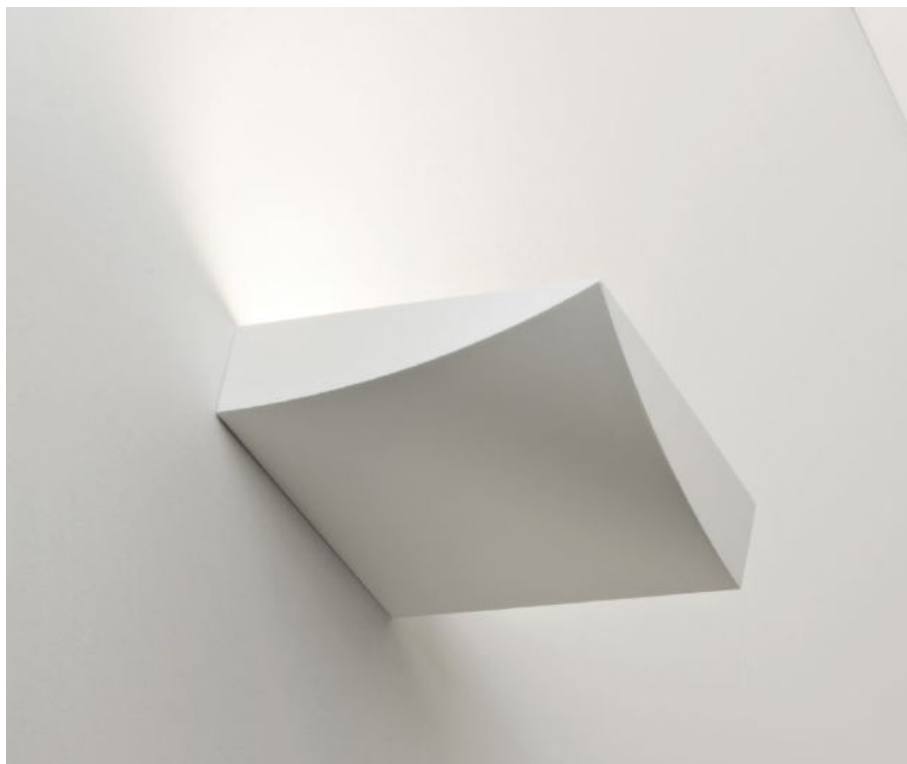

Versione a parete con finitura bianco opaco  
Wall version with matt white finish

La lampada Lembo è stata concepita per soddisfare le esigenze legate alle situazioni più disparate. Che si stia ricercando una luce generosa o un bagliore morbido e appena accennato, questa applique sa come far sentire ciascuno a proprio agio con la sua presenza armoniosa ed un design senza tempo.

Lembo has been conceived to meet the requirements of different situations. Whether you are looking for a generous light or for a soft and just hinted flare, this wall fixture will make you feel comfortable with its presence and its timeless design.
